Profile

I am a focused and skilled Frontend Developer i loves creating responsive and user-friendly applications with attention to design. I have experience with modern frontend tools like JavaScript, React.js, Next.js, and Tailwind CSS for smooth user experiences. I am also knowledgeable in full-stack development, with a solid understanding of backend tools like Node.js and Express.js Laravel. I am committed to delivering high-quality work and constantly learning new technologies.

Skills

Languages: C, JavaScript, PHP

Markup & Styling: HTML5, CSS

Technologies/Frameworks:

- **Frontend:** React.js, Next.js, Nuxt.js, Material-UI, Tailwind CSS, Ant Design, React Hook Form
- **Backend:** Express.js, Node.js, Laravel
- **Databases:** MongoDB, MySQL
- **APIs & Tools:** REST APIs, Postman, JWT, Axios, Git

Education

Bachelor of Science in Software Engineering Daffodil
International University, Dhaka, Bangladesh CGPA: 3.00

Dhaka, Bangladesh
2017-2022

Professional Experience

Web Development(Full Time,Night Shift)

Dynamicflow

Role as a Junior Web Developer

Mirpur 11, Dhaka

May 2025 – Nov 2025

- Developed interactive and fully responsive user interfaces using React.js, **CSS,(Tailwind CSS)**and **JavaScript**.
- Collaborated closely with backend engineers using Laravel to integrate REST APIs, ensuring efficient and optimized data flow across the application.
- Built reusable UI components and enforced consistent code structure, leveraging modern development best practices.
- Worked on complex modules: dashboards, dynamic forms, authentication flows, and state management via **React Hooks** and **Context API**.
- Improved page performance and reduced load times by optimizing React components and restructuring API call strategy.
- Implemented print-ready UI views and performed cross-browser testing to ensure printing accuracy and layout consistency across Chrome, Firefox, Edge, and Safari.
- Participated in code reviews, Git-based version control, and feature planning within the development team.
- Contributed to UI redesigns focusing on **user experience**, accessibility, and responsive behavior across devices.

Web Development (Intern-Full Time)

Mesleap, Shahjahan Road,

Mohammadpur, Dhaka

September 2024 – October2024

- Collaborated with designers and backend developers to implement Api integration user-facing features using **HTML, CSS, JavaScript**, and **React.js/Next.js**.
- Developed reusable components, maintaining code consistency using **Tailwind CSS**.
- Gained practical experience in **Git** version control and contributed to project code reviews for quality improvement.

Web Development Intern

Luminous Labs

Mirpur DOHS, Dhaka

January 2021 – March 2021

- Participated in full web development life cycle and maintenance.
- Used Git for version control and task assignment in collaborative projects.
- Integrated emerging frameworks to improve application performance and enrich capabilities. •

Utilized **Laravel** to build and visualize web applications

Projects

- **University-management-System**

Frontend: HTML, CSS (Tailwind CSS, MUI, DaisyUI), React.js, Typescript, Axios, Ant-design-icons, Reduxjs-toolkit, React Hook Form, React-redux, Zod

Backend  Node.js, Express.js, Typescript, Zod, bcrypt, Jsonwebtoken, Mongoose.

Database: MongoDB

URL [View Project](#) 

- **Clean Home Services**

Frontend: HTML, CSS (Tailwind CSS, MUI, DaisyUI), React.js, React Router, Context Api, React Hook Form, Firebase Auth, Lottie, SweetAlert2, Recharts, TanStack Query, Axios.

Backend: Node.js, Express.js, JWT, Interceptor, SSLCommerz payment integration.

Database: MongoDB

URL [View Project](#) 

- **Garage Pro Solution**

Frontend: HTML, CSS (Tailwind CSS), Next.js, Next Auth, React Toastify, Swiper, Axios.

Backend: Node.js, JWT, Bcrypt.

Database: MongoDB

URL [View Project](#) 

- **CUR-HUB**

Frontend: HTML, CSS (Tailwind CSS), Swiper, Next.js, Axios, Context Api, Firebase Auth, next-auth, formik, react-responsive-modal, recharts, react-fast-marquee, react-icons.

Database: JSON API, Firebase Auth

Backend: Node.js, JWT, Bcrypt.
